3 Transition to Indian Accounting standards (Ind AS):

Beginning January 01, 2018, the Company has for the first time adopted Indian Accounting Standards ('Ind AS') with a transition date of January 01, 2017. These financial results have been prepared in accordance with Ind AS prescribed under Section 133 of the Companies Act, 2013 read with relevant rules issued thereunder and in terms of Regulation 33 of the Section 100 of the SEB Clicular No. CIR/CFD/FAC/62/2016 dated 5 July 2016. The adoption of Ind AS was carried out in accordance with Ind AS 101 which requires that all applicable Ind AS be applied consistently and retrospectively. The transition was carried out from Indian Accounting Principles generally accepted in India as prescribed under Section 133 of the Companies Act, 2013 and other accounting principles generally accepted in India (IGAAP), which was the previous GAAP. The resulting difference between the carrying amount of the assets and liabilities in the financial statements under both Ind AS and IGAAP as at the transition date has been recognized directly in equity at the transition date.

The following reconciliations provide a quantification of the effect of significant differences arising from the transition from IGAAP to Ind AS in accordance with Ind AS 101: - total comprehensive income for the year ended December 30, 2017 - total comprehensive income for the year ended December 31, 2017

Total comprehensive income under Ind AS		85.87	163.95	222.82

#### (C) Explanation for reconciliation of total comprehensive income:

(i) Under Ind AS, the financial statement of R Systems Employee Welfare Trust (ESOP Trust) have been included in the standalone financial statements of the Company as the trust was created for the benefit of the employees and administered by the Company.

(ii) Under IGAAP, investments in mutual funds were classified as current investments and were carried at lower of cost and fair value. Under the Ind AS, these investments are classified as at fair value through profit or loss (FVTPL) and measured at fair value. The resulting fair value changes have been recognised in the statement of profit and loss.

(iii) Under IGAAP, security deposits (both assets and liabilities) were accounted for at their undiscounted nominal values. Under Ind AS, these have been accounted for at amortised cost method by discounting the cash flows using effective interest rates. Consequently, the impact of aforesaid amortisation has been accounted for in the statement of profit and loss.

(iv) Under IGAAP, the entity determined provisions for impairment of trade receivables (provision for bad and doubtful debts) using incurred loss model. i.e. if they remained outstanding over the prescribed period. Under Ind AS, impairment allowance has been determined based on expected credit loss model (ECL) for trade receivables and other financial assets, which has resulted in additional provisions being accounted for in statement of profit and loss.

(v) Under IGAAP, actuarial gains and losses on defined benefit obligations and plan assets were recognised as employee benefits expense in the statement of profit and loss. Under Ind AS, such actuarial gains and losses are recognised under other comprehensive income. The related tax expense/income is also reclassified to other comprehensive income.

(vi) Under IGAAP, in case of business combinations, the difference between the net consideration and the value of net assets acquired was recognised as goodwill/capital reserve on consolidation. Under Ind AS, any intangible assets identified in a business combination is also required to be recognised at their respective fair values separately from goodwill arising out of business combination. Such separately identified intangible assets having finite life are amortised over their useful life. The impact of such amortization has been accounted for in statement of profit and loss.

(vii) Under IGAAP, in case of business combinations, a liability towards contingent consideration was recognised in the financial statements at undiscounted nominal value. Any subsequent change in such liability was adjusted in goodwill / capital reserve on consolidation. Under Ind AS, the liability towards contingent consideration are recorded at discounted values of expected cash outflows. Any changes in the fair value of such liability is accounted for in the Statement of Profit and Loss.

(viii) The various transitional adjustments have led to temporary tax differences, which the Company has accounted for as deferred tax adjustments. Deferred tax adjustments are recognised in correlation to the underlying transaction as either in profit and loss or other comprehensive income.

4 During the quarter ended June 30, 2018 and nine months ended September 30, 2018, the Company had issued 37,500 equity shares of Re. 1/- each pursuant to exercise of employee stock options under the R Systems International Limited Employee Stock Option Scheme 2007.
